Howdy Area 3! My name is Madyson McAshlan representing the Friendswood FFA Chapter and the Gulf Coast District. I would be honored to serve as your Area 3 President! When I joined FFA, I found my family and my future. Attending the Texas FFA State Convention my freshman year literally changed my life. Having the opportunity to meet with the state officers made me realize that I wanted to follow in their footsteps. My FFA career has involved everything from showing livestock to public speaking. Representing the Area III Association would allow me to utilize all of the skills I have acquired. One of my main goals is to spread information and promote appreciation of agriculture and the FFA Organization. I have a true passion for leadership and service. I look forward to learning new things and never turn down a challenge. In today's society, I think it is of the utmost importance that we learn to communicate and collaborate effectively. Let's keep Area III the place to be!

Madyson McAshlan  
 Area III Officer Candidate
