Howdy Area 3!!

I'm Riley Dodge from the Klein Oak FFA Chapter in the North District. As you get older, everyone starts to find their "thing"; It wasn't until I joined FFA that I found mine! This organization has given me the world; not only has it provided me with some of my forever friends and an abundance of knowledge, it also has helped me discover my passion. In FFA, there is truly something for everyone, and having selfless leaders who are willing to help others find their "thing" is truly unforgettable! Every person deserves to find something that brings them pure happiness in this crazy life we are living. I hope that I can leave a lasting impact on every member I meet and play a part in helping them find their purpose and place in this incredible organization that has gifted me so much!

So, Area 3, it would be such an honor to serve you this next year and help every single one of you find your true passion in FFA!
