Hey Area 3! I am honored to be running from District 6 for the 2017-2018 Area 3 Officer Team! This is a huge year in area 3, and I am thrilled to have the opportunity to be a part of it. I am determined that together, we can ensure that the members of the future have an organization just as wonderful as our own to enjoy. Together, we can prepare for the changes that area realignment has brought upon us. We can build sturdy foundations for these new organizations to build themselves upon. What we do this year does not just affect us area 3, but the future's future farmers as well. As an Area 3 officer, I'll make sure that we are a strong organization from the ground up. Today we pave the way for the future, let's build it on a solid foundation together!

I love this program. The reason I am running for this officer team is that I want to give back to the program that has given so much to me. If you feel the same, join me in making an amazing organization even better!
